One Day Laboratory Visit by
Horticultural College and Research Institute for Women, Tiruchirappalli

SIES School of Packaging - Packaging Technology Centre had the pleasure of hosting 90 girl students from the Fourth Year B.Sc. (Hons.) Horticulture Degree Programme of Horticultural College and Research Institute for Women, Tiruchirappalli, Tamil Nadu, on October 24, 2026, as part of their Industry Visit Tour.

The visit provided students with an opportunity to explore packaging materials, testing facilities, laboratory equipment and various aspects of packaging technology, offering valuable insights into the role of packaging in the horticulture and agricultural sectors. It was a wonderful opportunity for all the faculties and laboratory testing team to share knowledge, encourage learning and strengthen the connection between academia and industry.

SIES SOP sincerely appreciates the Dean and faculty members of Horticultural College and Research Institute for Women for initiating this association and looks forward to fostering a continued relationship through future collaborations.
A major highlight of the event was the SIES-AFTI Packaging Innovation Competition 2026, where students from various SIES institutions showcased innovative packaging concepts, creativity, and problem-solving capabilities. The competition provided participants with a unique opportunity to present their ideas before packaging professionals and industry experts, receiving valuable appreciation, feedback, and mentorship.
