

## **SIES Alumni Meet 2026**

SIES successfully hosted SIES Alumnite 2026 on 21st March, bringing together its esteemed alumni for a day of reconnection, reflection, and collaboration. The event commenced with alumni visiting their respective institutes, including the SIES School of Packaging campus at Juinagar, Navi Mumbai, where they engaged with faculty, interacted with fellow alumni of different batches, and revisited their academic journeys.

The celebrations then continued at the SIES Nerul Campus, where alumni from across batches came together for a larger gathering.

The occasion was a moment of immense pride for the institution, as faculty and mentors witnessed the accomplishments of their former students. The event also served as a dynamic platform for meaningful discussions on emerging industry trends, academic developments, and opportunities for future collaboration between industry, stakeholders, and academia.

SIES remains committed to strengthening its alumni network and fostering continued engagement that contributes to both academic excellence and industry advancement.
