

One-day training for Panasonic India

SIES SOP conducted a One-day training for Panasonic India on the topic 'Understanding in making of Key Line Diagram (KLD) for Package Design' on March 30, 2026 at Juinagar campus, Navi Mumbai for 29 delegates.

The participants received practical insights on how precise keyline development forms the backbone of effective packaging design and production.

It was well-received with excellent feedback from the entire team.
